Goniometerhead	Alignment pin	Length [mm]*	Type*
1001	1001-15	17.1	3
1002	1002-15	19	1
1003	1003-15	42.7	2
1004	1004-15	23	1
1005	1005-15	19	1
1006	1006-15	22.6	3
1007	1007-15	21.2	1

* The alignment pins have different dimensions for different goniometer heads even if they are from the same type. The given length is just for identification and is measured from the very end of the tip to the very bottom of the holder.
